

DTDC Expands Its Operations APAC Region

Enters China Market through JV with Air Dragon Freight

Mumbai 7, 2012: DTDC, India's premier express courier company, has now set up Joint Venture in China. With this, DTDC will have presence in 16 countries through various arrangements such as 100% subsidiaries, Joint Ventures and International Master Franchises. DTDC is a household name in India and has been building its global presence for last few years. The Joint Venture in China will be 60% owned by DTDC and 40% by its Chinese Partner Air Dragon Freight (Beijing) Co Ltd.

India and China are the two fastest growing economies in the world, as trade between these two countries is expected to touch US\$ 100 Billion in few years. Many Indian companies are setting up their sourcing offices in China while others are setting up manufacturing bases in China. Similarly Chinese companies are setting up large presence in India and growing their sales in telecommunications, consumer electronics, hardware, machinery parts, gift items etc. To serve this growing trade between the two countries, DTDC decided to set up strong and long-term presence in China through a Joint Venture.

"China will play a very important role in the overall international business growth of DTDC", said the Chairman and Managing Director Mr. Subhasish Chakraborty of DTDC. "Entering Chinese market is a key component of our global strategy to create the DTDC International Network", said Mr. Suresh Bansal, Director and head of International Business of DTDC.

"We are excited about our partnership with DTDC and feel that the association can play a huge role in developing and strengthening the business relationship between the two great countries", said Ms. Jennifer Wang the CEO of Air Dragon China.

Presently, DTDC China Limited will operate from three locations: Shanghai, Beijing and Guangzhou and will offer its door-to-door Premier Express Services as well as Air and Sea Freight services. DTDC China has already received a license from the Chinese Govt. to start freight services. With DTDC stepping into China, Indian and Chinese companies can now enjoy high-quality, reliable Logistics services between the two countries.
